joshuagemvicente6@gmail.com | +639214982522 | Cabanatuan City, Nueva Ecija

I'm a full-stack developer with a strong passion for coding and problem-solving. Currently, I'm focused on building web applications using the MERN stack and Next.js with TypeScript. My goal is to continuously improve my skills and transition into a software engineering role, where I can contribute to building innovative and scalable solutions.

## Experience

---

### PHINMA Araullo University, Intern

July 2024 - September 2024

IT Service Department Intern

## Education

---

### PHINMA Araullo University

Bachelor of Science in Information Technology, July 2021 - Present

### College of the Immaculate Conception

Elementary - Senior High School, July 2008 - March 2020

## Skills

---

JavaScript, React, Node.js, Python, Java, HTML, CSS, SQL, Git, Agile, TypeScript

## Projects

---

### SIMS: Student Information Management system

Manage student data, enrollment, grading, and more—all in one seamless platform. Backend development using the MERN stack (MongoDB, Express.js, React, Node.js).

### QQR: QuickQR Generator

Effortlessly create customized QR codes for any purpose, using React with TypeScript

### Dahon

Information website about plants and tools that are being used using HTML5 and CSS3

### CTG: Capstone Title Generator

A capstone title generator that helps inspire students and educators on their next steps, built with Next.js, React, and TypeScript.

## Certificates

---

### Linux Tutorial

GreatLearning, October 2024

### Software Testing Tutorial

GreatLearning, September 2024

### Introduction to DevOps

GreatLearning, October 2024

### Google Analytics

Skillshop - Google, October 2023

### Fundamentals of Digital Marketing

Skillshop - Google, October 2023

### Introduction to Cloud Semester 2

AWS Academy, October 2023

### Database Foundations

Oracle Academy, March 2023

### HTML Fundamentals

CodeCred, November 2024

### CSS Mastery

CodeCred, November 2024
